

Important PowerSchool Information

Parents & Guardians: PowerSchool will be updated on May 1st to enable Parent Single Sign On (SSO). SSO will allow you to create one login to access all of your GMHS & GMMS students' PowerSchool information. Each parent can create his/her own login. You will create your account using the access codes you currently have to sign-in to the Parent Portal.

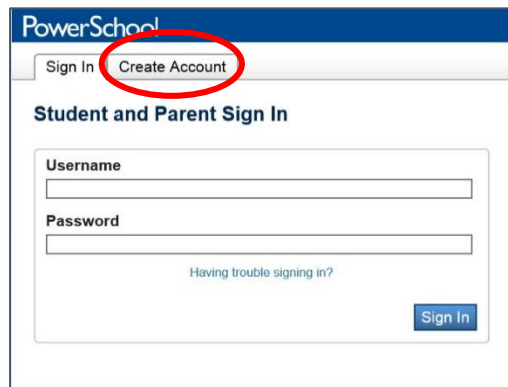

Student logins to the PowerSchool portal will not change. GMHS students can use their existing student logins to access the portal and GMMS students have recently received their student logins.

On May 1st or after, please use the directions below to create your accounts.
